The History

Today, the Moillard wine estate – Domaine Moillard – spreads over Côte de Nuits and Côte de Beaune, from Vougeot to Volnay over nearly twenty hectares (around 49 acres). Half of the wines produced are Premiers Crus. Just as in 1950, the idea of a job well done remains fundamental on the estate. Here wines of rare finesse and elegance faithful to Burgundian tradition, whose structure and power bring you great cellaring potential, are crafted.
