## LA FOURMONE VACQUEYRAS

RHONE

### 'LES CEPS D'OR'

#### The History

Behind the vines is the soil ; behind the wine there are men.

Our long family history could not exist without our duty to its memory. The Domain is not only the winery we know today, it also represents the birthplace of our childhood. It is a place of memories, of time passing and of new beginnings. Vines are our custodians and also our roots. They passed on their own values; those of the land : humility, constancy and respect.

**The Vacqueyras appellation** is the land of our childhood. It's complexity fascinates us and we feel deeply connected to this land. It is floral in nature and we protect it to develop it.

**Gigondas appellation** gives us the Mediterranean fragrances we find in our wines.

#### The Grape

MAINLY GRENACHE

#### Tasting Note

« Les Ceps d'Or » is made from a majority of Grenache grape variety. It expresses the essence of the 50 year old goblet-trained vines. The grape berries are delicately handpicked in the northern and western edge of Vacqueyras Appellation. Plots are situated on the plateau of Les Dentelles de Montmirail that are famous for having a great geological wealth. « Les Ceps d'Or » is from Vacqueyras definitely ! : complex and very aromatic, with a persistent finish.

- Dark garnet-purple color
- It has an intense nose with spice and subtle ripe fruits aromas
- It confirms in the mouth its fragrances : spicy and sweet character, caraway and licorice aromas and reminds us some small dark fruits
- A beautiful wine very representative of the appellation with an harmonious roundness, pepper notes and well structured
- Long and aromatic finish.
