Artisan Wines & Spirits Distributor

## Napa Valley

California

## Pellet Estate

Cabernet Sauvignon 2013

### The History

2013 was another near-perfect vintage, perhaps surpassing 2012, yielding a crop of smaller-berried fruit that produced a intense wine, and should stand out for decades to come. Compared to last year, 2013 produced smaller berries, which means a higher ratio of skins to juice, leading to higher levels of color and tannin. We had one heat spike in late June/early July, and the weather was generally dry, warm even and consistent throughout the season. We picked the Cabernet over three days under truly the most ideal conditions in late September

### The Grape

90% Cabernet Sauvignon  
(66% Clone 4, 34% Clone 337)  
7% Merlot

### Tasting Note

Red-fruit driven, it's round and rich, with moderate tannin and cassis, clove and black pepper highlights.
