Chardonnay

Cantina Valdadige

The History

Cantina Valdadige is a cooperative - In Italian we call it "Cantina Sociale" that was established in 1957, in Belluno Brentino, right in the earth Valdadige valley in the province of Verona, with more than 200 partners. All of them are passionate vine-growers who have been able to create, with dedication and know-how, a paradise of vineyards at the foot of the valley hill. Marco, the general manager, is always helpful and makes sure every new vintage is always up to the winery's high standards.
