Moulin de la Roque

Provence

Tarente

The History

Moulin de la Roque is the work of a group of wine-growing families united in the same goal; men and women driven by the same love of their work and the land of Bandol. Bandol is a vast natural amphitheater planted with vines, looking out to the Mediterranean sea. It is an encounter between sun, sea, wind, rock and vegetation. Producers here are the go-betweens that help bring the best out of each element

The Grape

95% Mourvèdre – 5% Carignan

Tasting Note

Bright red dress deep garnet with purple reflections. Fine, complex and intense nose dominated by notes of black fruits and spices (pepper). Fleshy and harmonious attack revealing marvelous noble tannins. The finish is velvety with great finesse and delicacy.
